- White Acrylic Paint
- Sandpaper
- Rhinestones
- Border Punch

SMALL ALTERED BIRDHOUSE by vicki boutin

TO CREATE THE BIRDHOUSE:

STEP ONE

Paint the birdhouse with white acrylic paint and set aside to dry. Once dry, sand the edges of the birdhouse.

STEP TWO

Cover the top of the birdhouse with patterned paper and sand the edges.

STEP THREE

Cut strips of patterned paper with a border punch and attach them along the edge of the roof. Trim of excess.

STEP FOUR

Attach a Queen Bee Borderline sticker the bottom edge of both sides of the roof.

STEP FIVE

Attach a green Queen Bee Punchout sticker to the top of the roof and fold it over the left and right sides. Sand the edges to remove any overhang.

STEP SIX

Cover all four sides of the birdhouse with patterned paper and sand the edges.

STEP SEVEN

Cut a circle shape and add it to the outer edge of the birdhouse opening.

STEP EIGHT

Add Whimsies Cardstock Alphabet stickers to Queen Bee Punchout and attach it to the front of the birdhouse.

STEP NINE

Add rhinestones.
