 - Starlight Alphabet Stickers
 - 365 Degrees Cork Buttons
 - 365 Degrees Bella Brads

SUPPLIES NEEDED

- Natural Twine
- Ink Pen
- Scissors
- Adhesive

FOLLOW ME LAYOUT by greta hammond

TO MAKE LAYOUT:

STEP ONE

Use the white ledger side of Spark as the background for this page.

STEP TWO

Trim red ledger side of Glow to 11" x 11". Adhere to center of background page.

STEP THREE

Trim Dazzle to 6" x 10.75". Adhere to Glow leaving a small border around top, right and bottom edges.

STEP FOUR

Trim Bright (blue side) to 4.75" x 10.75". Adhere next to Dazzle piece, leaving a small border around top, left, and bottom edges.

STEP FIVE

Cut a .75" strip of Spark and adhere where Dazzle and Bright pieces meet.

STEP SIX

Add 5.25" x 7.75" photo on Dazzle block, leaving a 1" border at the bottom. Add a 3" x 5" photo in upper left corner of Bright block.

STEP SEVEN

Cut a 5" star from Dazzle, and a 4.5" star from Glow. Layer on top of each other and adhere. Add lined bracket sticker to top portion of the layered star. Finish with clock cork button and a wrap of twine tied in a bow. Use pop dots to adhere this piece to the lower left portion of the layout.

STEP EIGHT

Make title strip from a 7.5" x 1.25" piece of Bright. Cut a "v" into one of the ends. Add dash marks with pen and adhere letter stickers plus a blue brad. Add to layout with pop dots, overlapping star slightly.

STEP NINE

Cut a 3" star from Bright (blue side), add dash marks with pen. Top with red cork button and circle star sticker. Add to upper right corner of large photo.

STEP TEN

Trim a 5" x .75" strip of Bright. Use border punch along the edge and add to upper right edge of large photo.

STEP ELEVEN

Finish layout by journaling onto a 4.5" x 1.5" piece of Bright and add to layout.
